Hiring Team

Aurora Cooperative

2225 Q Street,

Aurora, NE, 68818

Dear Hiring Team,

This cover letter is for my interest of Intern for AI Engineering and Data Science as I found on Facebook.com. I am a hard-working individual who is always ready to do what I can to help. I believe that I would be a great addition to your team.

First and foremost, my name is Colton Haight, and I am a fourth-year student at the University of Nebraska-Lincoln. I am a hardworking student who is working towards a Bachelor of Science in Statistics & Data Analytics with a Minor in Mathematics. Over my last few years of college, I have gained great experience in interpreting data and even sports data explorations of my own. With classes in probability, statistical analysis, and sports data I believe I would be a very useful part are your team. I also have a blog where I have dived into different types of sports data which included analyses over different players and their value. I think this experience would fit great with your team.

I would love to further express my motivation for the position of Intern for AI Engineering and Data Science with you more at a personal meeting. You can reach me by email at coltonhaight01@gmail.com or by phone at (402) 410-1251.

Thank you for your time and consideration.

Sincerely,

Colton Haight
